

RHS. The Rural Housing Service, an agency of the United States Department of Agriculture, or a successor agency.

Rural and rural area. For fiscal year 1999, the terms “rural” and “rural area” include a city or town with a population of 20,000 or less inhabitants according to the latest decennial census of the United States. There is no limitation placed on population in open rural areas. After fiscal year 1999, the terms “rural” and “rural area” include a city, town, or unincorporated area that has a population of 50,000 inhabitants or less, other than an urbanized area immediately adjacent to a city, town, or unincorporated area that has a population in excess of 50,000 inhabitants.

Rural Development. A mission area within USDA which includes Rural Housing Service, Rural Utilities Service, and Rural Business-Cooperative Service.

RUS. The Rural Utilities Service, an agency of USDA or a successor agency.

Service area. The area reasonably expected to be served by the facility.

State. The term “State” means each of the 50 States, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Islands, the Republic of Palau, and the Federated States of Micronesia.

State Director. The term “State Director” means, with respect to a State, the Director of the Rural Development State Office.

State nonmetropolitan median household income. The median household income of the State’s nonmetropolitan counties and portions of metropolitan counties outside of cities, towns or places of 50,000 or more population.

State strategic plan. A plan developed by each State for Rural Development initiatives and the type of assistance required. Plans shall identify goals, methods, and benchmarks for measuring success.

[64 FR 32388, June 17, 1999, as amended at 69 FR 65519, Nov. 15, 2004]

§§ 3570.54–3570.60 [Reserved]

§ 3570.61 Eligibility for grant assistance

The essential community facility must primarily serve rural areas, be located in a rural area, and the median household income of the population to be served by the proposed facility must be below the higher of the poverty line or the eligible percentage (60, 70, 80, or 90) of the State nonmetropolitan median household income (see § 3570.63(b)).

(a) *Eligible applicant.* An applicant must be a:

(1) Public body, such as a municipality, county, district, authority, or other political subdivision of a State;

(2) Nonprofit corporation or association. Applicants, other than nonprofit utility applicants, must have significant ties with the local rural community. Such ties are necessary to ensure to the greatest extent possible that a facility under private control will carry out a public purpose and continue to primarily serve rural areas. Ties may be evidenced by items such as:

(i) Association with, or controlled by, a local public body or bodies, or broadly based ownership and control by members of the community; or

(ii) Substantial public funding through taxes, revenue bonds, or other local government sources or substantial voluntary community funding, such as would be obtained through a community-wide funding campaign.

(3) Federally recognized Indian tribe in a rural area.

(b) *Eligible facilities.* Essential community facilities must be:

(1) Located in rural areas, except for utility-type services, such as telecommunications or hydroelectric, serving both rural and non-rural areas. In such cases, RHS funds may be used to finance only that portion serving rural areas, regardless of facility location.

(2) Necessary for orderly community development and consistent with the State Strategic Plan.

(c) *Credit elsewhere.* The approval official must determine that the applicant is unable to finance the proposed project from its own resources, or through commercial credit at reasonable rates and terms, or other funding

§ 3570.62

sources without grant assistance under this subpart. The applicant must certify to such status in writing.

(d) *Economic feasibility.* All projects financed under the provisions of this section must be based on satisfactory sources of revenues as outlined in 7 CFR 1942.17(h) and 1942.116. The amount of CFG assistance must be the minimum amount sufficient for feasibility which will provide for facility operation and maintenance, reasonable reserves, and debt repayment. The applicant's available excess funds must be used to supplement eligible project costs.

(e) *Legal authority and responsibility.* Each applicant must have, or will obtain, prior to the grant award, the legal authority necessary to own, construct, operate, and maintain the proposed facility. The applicant shall be responsible for operating, maintaining, and managing the facility and providing for its continued availability and use at reasonable rates and terms. This responsibility shall be the applicant's even though the facility may be operated, maintained, or managed by a third party under contract or management agreement. If an applicant does not have the authority to borrow funds, but owns, operates, and maintains the facility, the applicant is eligible for CFG funds.

(f) *Facilities for public use.* All facilities shall be for the benefit of the public at large without discrimination as to race, color, religion, sex, national origin, disability, and marital or familial status.

§ 3570.62 Use of grant funds.

Grants of up to 75 percent of the cost of developing essential community facilities may be used to supplement financial assistance authorized in accordance with 7 CFR parts 1942, subparts A and C, and 3575, subpart A. Eligible CFG purposes are those listed in paragraphs (a), (b), (c), and (d) of this section. Funding for the balance of the project may consist of other CF financial assistance, applicant contributions, or loans and grants from other sources. CFGs may be used to:

(a) Construct, enlarge, extend, or otherwise improve essential community facilities providing essential serv-

ice primarily to rural residents and rural businesses. Rural businesses include facilities such as educational and other publicly owned facilities.

(1) "Essential community facilities" are those public improvements requisite to the beneficial and orderly development of a community operated on a nonprofit basis including, but not limited to:

- (i) Fire, rescue, and public safety;
- (ii) Health services;
- (iii) Community, social, or cultural services;
- (iv) Transportation facilities such as streets, roads, and bridges;
- (v) Hydroelectric generating facilities and related connecting systems and appurtenances, when not eligible for RUS financing;
- (vi) Telecommunications equipment as it relates to medical and educational telecommunications links;
- (vii) Supplemental and supporting structures for other rural electrification or telephone systems (including facilities such as headquarters and office buildings, storage facilities, and maintenance shops) when not eligible for RUS financing;
- (viii) Natural gas distribution systems; and

(ix) Industrial park sites, but only to the extent of land acquisition and necessary site preparation, including access ways and utility extensions to and throughout the site. Funds may not be used in connection with industrial parks to finance on-site utility systems, or business and industrial buildings.

(2) "Otherwise improve" includes, but is not limited to, the following:

(i) The purchase of major equipment (such as solid waste collection trucks, telecommunication equipment, necessary maintenance equipment, fire service equipment, X-ray machines) which will in themselves provide an essential service to rural residents; and

(ii) The purchase of existing facilities when it is necessary either to improve or to prevent a loss of service.

(b) Construct or relocate public buildings, roads, bridges, fences, or utilities and to make other public improvements necessary to the successful
